VOLUME 9, ISSUE 17
MAY 13, 2022

THE TOWSON PRIDE

On a bi-weekly basis, we acknowledge the outstanding efforts of our staff and students. We encourage our staff to submit accolades for recognizing the dedication of others. The accolades appear on the first pages of our newsletter. As contributing members to Towson High School, we represent 5 STAR Generals.

We appreciate our staff and students for demonstrating leadership, citizenship, scholarship, and integrity. If you would like to submit an accolade for one of our students/staff members for the great work that they do within our community, please submit the information to cdmino@bcps.org and cc dlauten@bcps.org. Help up recognize the outstanding efforts of our students and staff.

★ **STARS to Kaitlyn Cote**, TAM student and Educators Rising leader, for being selected to receive the BCPS Scholarship Loan! She will receive money for all four years of college AND she has a job in BCPS waiting for her upon successful completion of her education program! Welcome to Team BCPS, Kaitlyn!

★ **STARS to Mrs. Schrader** for spearheading, organizing, proctoring, trouble-shooting, and supporting her department during the administration of the MISA (Maryland Integrated Science Assessment).

★ **STARS to the dozens of Mr. Alford's and Ms. Flynn's AP English Language & Composition students** for coming to school on a day off or stayed after school until evening to take a practice College Board exam. We applaud your grit and commitment!

★ **STARS to Mr. Greenebaum** for meeting on his lunch time with a senior student to support their understanding and work completion.

★ **STARS to Nathaniel Chen** for earning his Eagle Scout.

★ **STARS to the members of the junior class** for modeling leadership and responsibility at prom.

★ **STARS to Ms. Jacobs, Mr. McCullough, and Ms. Wright** for their efforts with planning the junior prom.

★ **STARS to Dr. Culbertson, Mr. Carter, Mrs. DiMino, Mr. Hanford, Ms. Jacobs, Mr. Jochmans, Mr. Ridge, Mr. Stange, and Ms. Wright** for their additional efforts to assist with after prom clean-up.

★ **STARS to Mr. and Mrs. Spaulding** for their assistance with after prom clean-up at the junior prom.

★ **STARS TO Michael Stamatos, Tariq Tally, and Chase Supensky** for making the BCPS All Division Baseball Team.

★ **STARS to Chase Supensky** for being named BCPS Baseball Pitcher of the Year.

★ **STARS to the 2022 Varsity Tennis Team** for being undefeated and Baltimore County Champions!!

★ **STARS to the 2022 Varsity Baseball team—** County Champions!!
STARS to Lauren Karwacki, Towson High School's for the McCormick Unsung Hero nominee.

★ **STARS to Tariq Tally** for being named BCPS Baseball Player of the Year.

★ **STARS to Jonah Malcolm** for his talents and time with providing music for ambiance during a student recognition ceremony.

★ **STARS to Anoushka Carass** for being selected as an AVID summer speaker.

★ **STARS to Elise Change, Rory Harmon, kara Janishefski, Zipporah Ogabo, Isabella Sabatino, and Leon Ye** for their class act representation of the Class of 2022 and THS.

★ **STARS to Mr. Jackson** for his attention to detail and efforts with advanced placement testing.

★ **STARS to members of the staff** that assumed additional responsibility with administering advanced placement tests.

★ **STARS to Ms. Keller, Ms. Pachilis, Ms. Williams, and members of the administration** for assuming additional respon-

Towson High School Science Department

NGSS Focus "All Standards, All Students"

On June 25, 2013, the Maryland State Board of Education adopted the **Next Generation Science Standards (NGSS)**, a set of rigorous and internationally benchmarked standards for K-12 science education. Twenty-six states including Maryland and their broad-based lead teams worked collaboratively with a 41-member writing team and partners throughout the country to develop the standards. Here at Towson High School, our NGSS Course offerings include: NGSS Earth Systems, NGSS Living Systems, Integrated Physics and Chemistry as well as NGSS Chemistry and NGSS Physics (pilot year). These courses are focused on three major dimensions including science and engineering practices, cross cutting concepts and disciplinary core ideas.

In order to graduate, a student needs **three** science credits, one credit in Earth Systems, one in Living Systems and one credit in a Physical Science (IPC, Chemistry or Physics). We do offer several science electives and science AP Courses here at Towson High School which are advertised on our School Website with an informative video. The NGSS Course sequence is found on the next page.

https://towsonhs.bcps.org/cms/One.aspx?portalId=244436&pageId=66716261

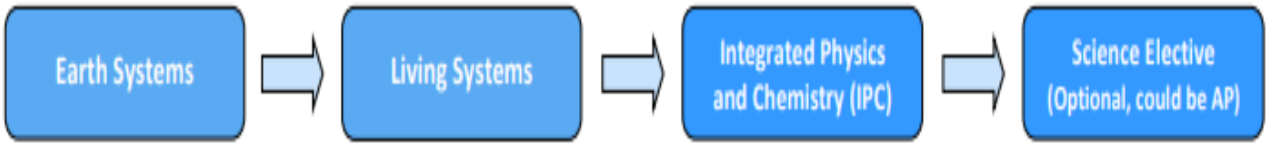
The Science Department at THS remains focused on implementing NGSS curriculum to meet the needs of all learners in our classrooms. Through a variety of hands-on and phenomena-based approaches we seek to ensure our classrooms are engaging and challenging. Check us out in the articles below!

Felicia Schrader-Science DC

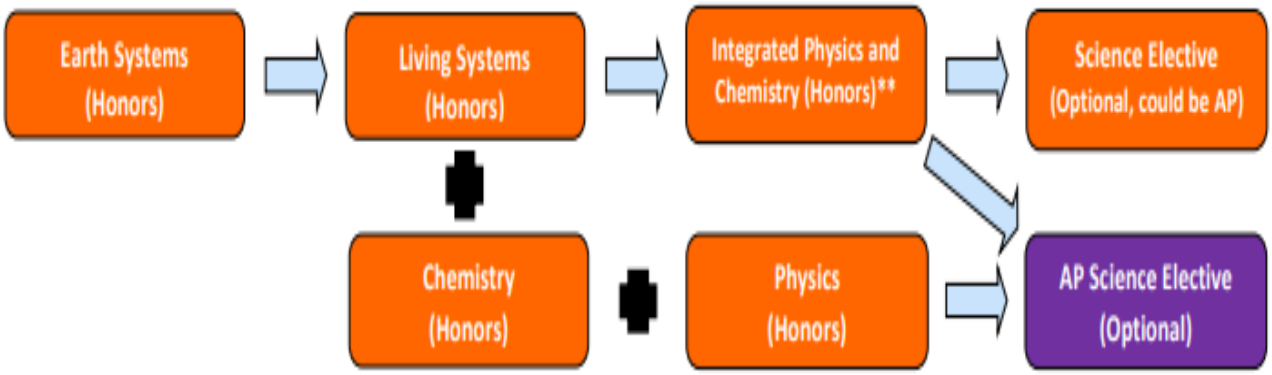
fschrader@bcps.org

NGSS HIGH SCHOOL SCIENCE SEQUENCE – Effective 2017-2018*

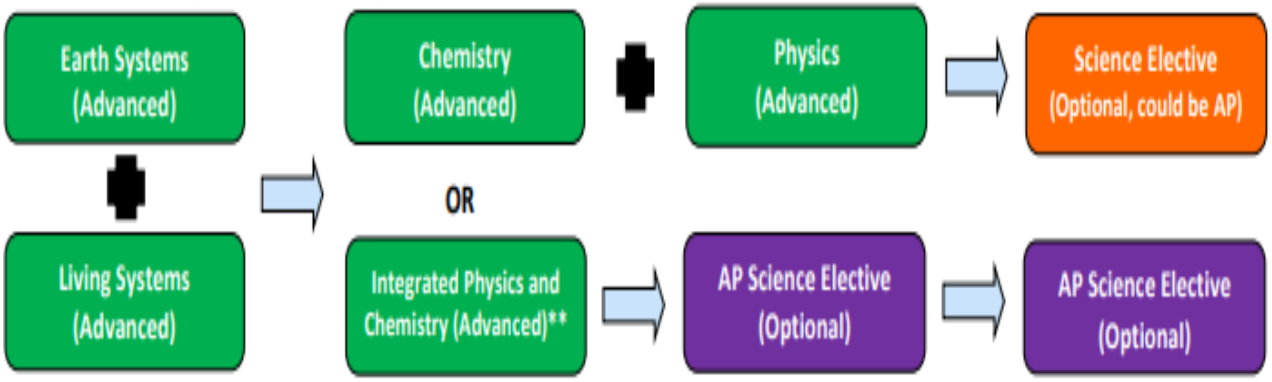
Standard Courses



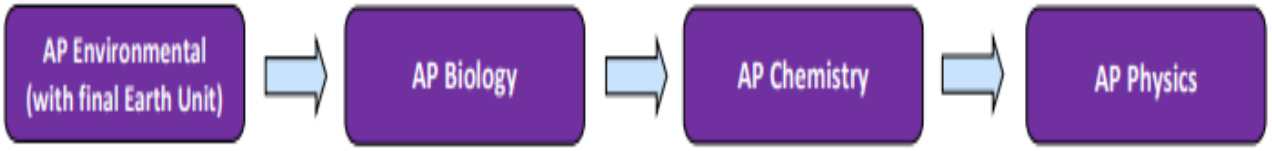
Honors Courses



Advanced Academic (Gifted and Talented) Courses



Advanced Placement Courses



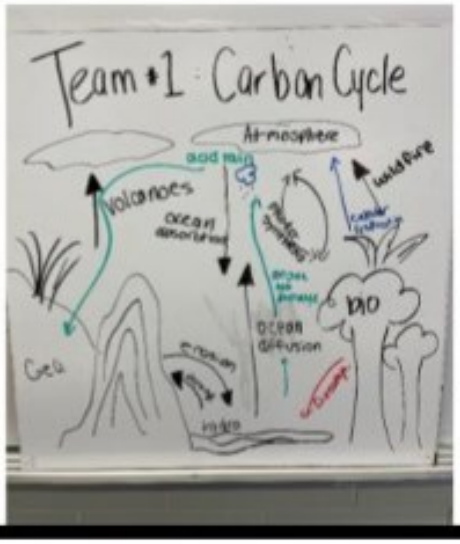
* Per COMAR, all students must take High School level science classes that meet ALL NGSS Standards (Earth and Space Sciences, Life Sciences, and Physical Sciences (Chemistry and Physics); for BCPS, this begins with the Freshman Class of 2017-2018 (Cohort 2021); not all sequencing options are identified. Decisions about which NGSS course levels will be offered as well as non-NGSS course offerings, including AP courses and science electives, will be made by the school's Administrative team; additional AP science course options may be available

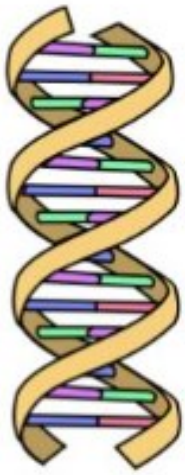
NGSS Chemistry

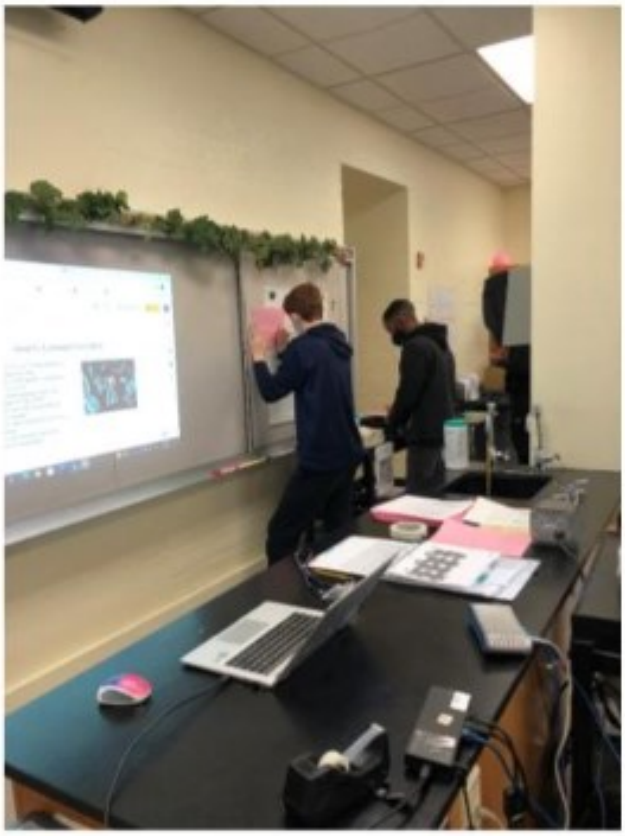
This course redefines the traditional topics in chemistry, such as atomic structure, chemical bonding, writing, and naming reactions, stoichiometry, gas laws, and acid/base chemistry by adding a modern career-based approach and relevant, real-world applications of phenomena.

NGSS Earth Systems

This is a complex, problem-based course designed to investigate processes that operate on Earth and address its place in the universe. Earth consists of a set of systems - atmosphere, hydrosphere, geosphere, and biosphere - that are intricately interconnected. Students will explore how small changes, including human impact, in one part of one system can have large and sudden consequences in parts of other systems or have no effect at all.







NGSS Living Systems

This course is designed to investigate the relationships between organisms. The study of life ranges from single molecules, through organisms and ecosystems, to the entire biosphere and its history that is all life on Earth. Students in this course will use critical thinking to evaluate the interconnected and interacting components of life. Check out some of their work here!

NGSS Physics

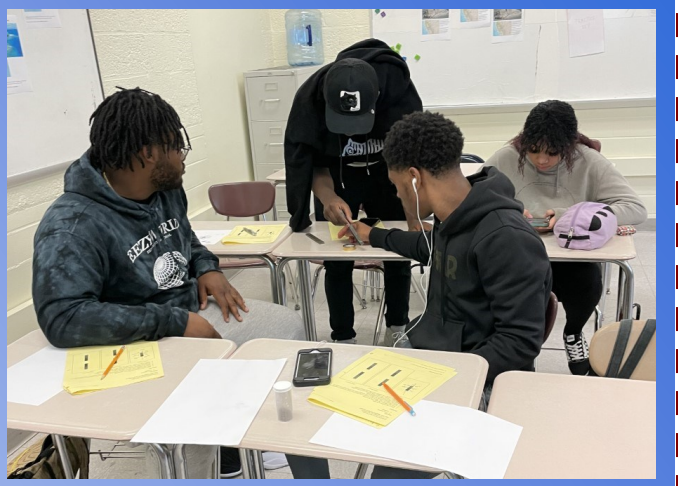
This course includes laboratory investigations in the study of motion, force, energy, momentum, electricity, magnetism, light, and relativity. Problem-solving and laboratory skills are emphasized with students. Check out some Physics in action!

AP Chemistry

Students from Aquatic Science complete their macroinvertebrate assay to assess the health of the stream located at Towson High. Many exciting critters were found including damselflies and juvenile salamanders!

IPC Class

Students in Ms. McCusker's IPC class investigated principles of electromagnetism through three different investigations. Students rotated through each station to apply their knowledge of key concepts of magnets and electricity. Check it out.



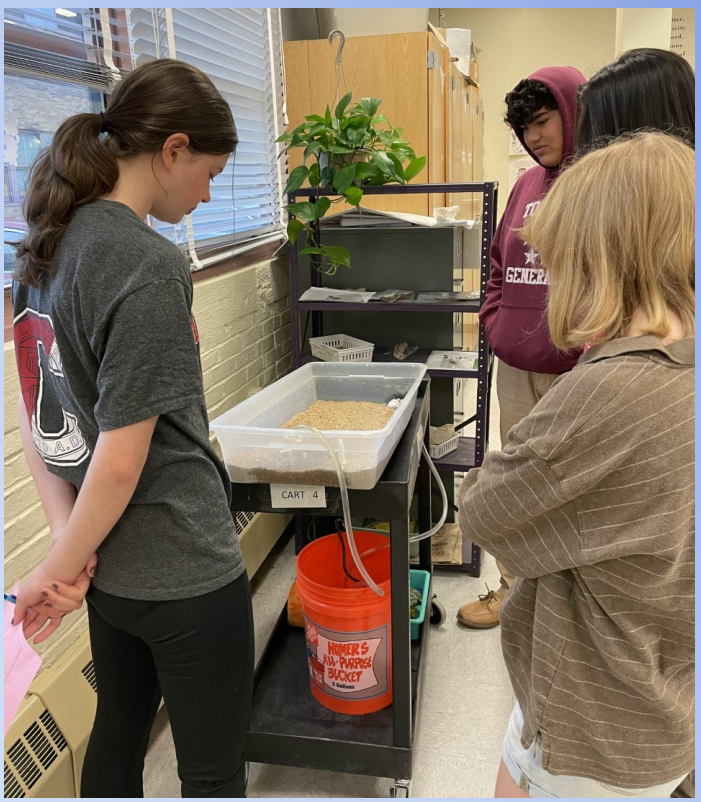
Environmental Club

Towson High's Environmental Club never misses an opportunity for community outreach and advocacy to make our school and community a greener place! That is the reason why the club's Website Committee developed the THS Environmental Club website earlier this year. On the platform, there is everything an E-club member (or prospective member!) could need to dive deep into our group's mission. It includes an outline of committee projects, a calendar of events, informational PowerPoints, resources about our local environment, and, of course, the E-club blog.

The Environmental Club Blog—edited by Miriam Dia—offers a range of articles featuring the local, global—and even musical—environment. The most recent article, "Back Away from Back River," demystifies the bacterial infection in Back River caused by the malfunctioning Back River Wastewater Treatment Plant. Learn about this local disaster here: **https://thsenviroclub.wixsite.com/e-club/post/back-away-from-back-river**

Earth Systems

Students in Mrs. Karsos's Earth Systems classes applied their knowledge of erosion and hydrology in order to simulate a large water event and the impact on a stream. Students were asked to build a neighborhood to again simulate the impact of humans on erosion.



EARTH SYSTEMS AND ENVIRONMENTAL SCIENCE

Students from AP Environmental Science and Earth Systems travelled to Jerusalem Mill in Harford County for a stream study. They examined the physical, chemical, and biological properties of the stream and determined its health. The stream provided plenty of evidence that is a healthy stream and a valuable component to the Chesapeake Bay Watershed.

GT EARTH SYSTEMS

Students in GT Earth Systems desalinated ocean water into drinking water and calculated the amount of energy required.

PTSA GENERAL MEETING

May 25, 2022

7:-00 pm

The PTSA will beholding a short general meeting where the nominating committee elected for next year.

Stay tuned for details.

are: Augie Knuppel, Thomas Oven, and Leo Stein. Not in that particular order, because they are in different posi-

Most common words from parents for Teacher Appreciation Week

Ms. Alexander visited Towson during her maternity leave to share words about Anoushka Carass. Anoushka, senior, was recognized for her selection as AVID SPEAKER for this summer's conference. She was selected from students across the United States. Special thanks to Dr. Culbertson, Dr. Wooldridge, Ms. Scott, Dr. Whistead, Mr. Barberesi, and resource personnel from the Career and College Readiness Office for their contributions to this event. We also want to mention that Omer Reshid, former student board representative and alumnus of Pikesville High School, was also selected to speak at the upcoming conference.

CONGRATULATIONS!

Cristina Cooperman, rising 11th grader, has been nominated and accepted as a 2022-2023 Educators Rising State Officer for the state of Maryland.

The job of Educators Rising State Officer is an exciting one! Cristina will get to participate in leadership training by the Maryland State Department of Education. She will get to be the student voice on the state board which helps to make state-wide decisions, and she will become eligible for college scholarships and honor societies! It's also a fantastic resume builder and looks great on her college applications!
Cristina is an invaluable member of Educators Rising and the TAM program at Towson High School.

Way to go Cristina!

During a meeting with Dr. Williams, our senior class officers described the class of 2022 as a class of *perseverance*. We are extremely proud of the senior class!

SPRING 2022

The BCPS Film Expo is back this year at the Senator Theatre on May 17 from 7-9PM.

Congratulations to Towson High School artist Mika Thiessen from Ms. Kuriny's 1A Fundamentals of Art class for creating this year's winning poster design!

Mika's design will be printed and featured in the theatre marquee for the event.

The BCPS Film Expo features award winning works from Baltimore County middle and high schools. All are welcome to attend this free family event!

THS ART SHOWCASE

This year's THS Art Showcase made it's return to the gym with hundreds of artworks on display from foundation, fine arts, sculpture, and photography classes.

Thanks to all of the classes who visited the exhibit over the two days it was on display with special assignments connecting the artwork to their curricula. And a special thank you goes to our families and art parents for hosting a well attended evening reception and art auction.

Congratulations to this year's award winners and special awardees from Principal Dimino and Assistant Principals Culbertson, Stevens, and Bridges.

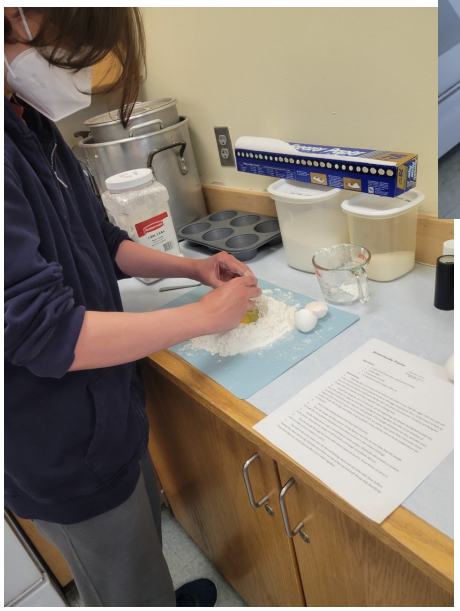
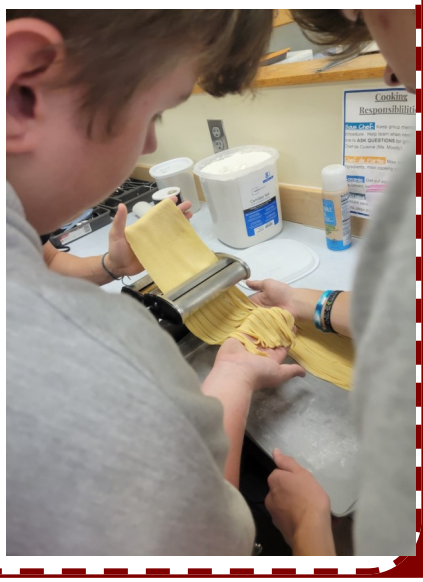
Foods & Nutrition

Ms. Moody's classes have been making homemade pasta.





Interested in Joining the 2022-2023 Towson High School Marching Band?

Step 1: You and a parent or guardian must join us for our **Mandatory Marching Band Meeting** on **Thursday, May 26th** at **7:00pm** in the THS Auditorium.

This meeting is **MANDATORY** so that you can be registered for the band and we can begin writing the drill for our field show!

Step 2: Read this... **IMPORTANT:** In order to participate in marching band in the fall, students must attend a **mandatory band camp**, a sleepover camp at Camp Ramblewood in Darlington, MD **August 7th through August 12th**.

Step 3:

Use this **QR code** to join our **Towson MB Students Remind...**

Or, use this link:
https://www.remind.com/join/tmbstu

... AND use this **access code** to join our **Towson High School Marching Generals Schoology Group**

52NH-BQ9V-JCBGN

Questions?

David Rhen: drhen@bcps.org

What does Marching Band involve?

- **Playing an Instrument** or participating in **color guard** (which involves spinning flags and adding other visual elements to our performances)
- Corps-style **Marching** during **field shows & parades** – a smooth style of marching.
  - Marching requires more physical stamina than walking but generally less than running.
- **Collaboration, Camaraderie, and FUN!** – being part of a team/ensemble and making lasting friends and memories.

Pictured

Interested in Being in the THS Marching Band's Drumline or Front Ensemble?

Step 1: Do every step on the previous page.

Step 2:

Use this **QR code** to join our **THS Marching Percussion Remind.**

(Yes, this is in addition to the marching band Remind)

Or, use this link: https://www.remind.com/join/towsondrum

... AND Check out the **THS Marching Percussion One Drive Folder** by using this **QR code.**

Or, use this link: THS Marching Percussion One Drive Folder

Questions?

Callie Ferrell: kferrell@bcps.org

What is the Drumline?

The drumline is the section in the marching band for people who play tonal bass drums, snare drums, tenor drums, or cymbals and march on the field and in parades.

What is the Front Ensemble (also known as the "pit")?

The front ensemble is the section in the marching band for people who play percussion and other stationary instruments (such as guitar, bass, and keyboard) in the front of the field during field shows and who also usually play cymbals or bells or help carry the banner when marching in parades.

Why are there extra instructions for Marching Percussion?

The drumline and the pit often have extra meet-ups for playing, extra music to learn (exercises and cadences), and specific instructions to follow that do not apply to other band members. These sections also generally have specific techniques to learn and practice that require extra instruction time and practice time, especially for students who have never played these instruments before.

The Towson High School Music Boosters' Basket BINGO fundraising event was a huge success! It was held at the Tall Cedars of Lebanon hall in Parkville on Friday, April 22 from 7-10 pm. Special thanks to the Booster Club officers and all the volunteers who assisted with the event including but not limited to: Michelle Mohammadi, Mo Mohammadi, Nadine Rosenblum, Amy Black, Jennifer Falter, Laurey Cosowsky, Joe Pettit, Addie Howard, Cleo Stamatos, Greg Hemingway, Kathy Rybarczyk, and the THS sports boosters.

The THS GT Jazz Ensemble performed prior to the event and a student rock band performed at the intermission. It was a GREAT night! See the photos and video links below to see and hear what happened!

Towson High School staff and students look forward to participating in upcoming events

Senior Prom
Saturday, May 14th
7:00 p.m. - 11:00 p.m. @ the Baltimore Aquarium

Sophomore Ring Ceremony & Dance
Friday, June 3rd
6:30 p.m. - 7:15 p.m. - Ceremony
7:15 p.m. - 9:15 p.m. - Cafeteria

We anticipate that all students will demonstrate responsibility by making healthy decisions during prom season. We expect that all students will model leadership and make wise choices when attending a prom hosted by Towson High School or any other school.

Our students, staff, and families devote many hours to prepare for these memorable celebrations. We encourage attendees to display an attitude of gratitude.

We recognize the significance of preparing for and participating in life's special occasions. We look forward to celebrating in a dignified and respectable manner.

A wise educator once said, "A moment of pleasure is not worth a lifetime of pain."

Ring CEREMONY

Class of 2024 Families

Save the Date for Ring Ceremony!

Ring ceremony is a long-standing tradition at Towson High. All sophomore THS students, regardless of whether they purchased a class ring, are encouraged to attend. A series of speakers will share their commitment to school and community, and students will join in a ceremonial "turning of the rings." Please consider joining us to celebrate these students at Towson! All family members are welcome to attend. Details to "save your seat" are to come!

Date: Friday, June 3rd

Time: 6:30-7:15 pm
please arrive by 6:15 so that we may begin promptly

Where: Towson High Auditorium
please enter through the Aigburth entrance

Following the ceremony, there will be a ring dance from 7:15 pm—9:15 for all sophomore students in the cafeteria.

Tickets ($12) will be on sale for the dance from Monday, May 9 through Friday, May 20.

Junior Prom

Junior Prom

Lead in Drinking Water – Public and Nonpublic Schools

IMPORTANT NOTICE: ELEVATED WATER SAMPLE RESULT(S)
Towson High School

ELEVATED LEAD WATER SAMPLE RESULT(S)
All Maryland public and nonpublic schools are required to sample all drinking water sources for the presence of lead pursuant to the Code of Maryland Regulations. On April 23, 2022, 13 water samples were collected from Towson High School. Of these water samples, (0) had levels of lead exceeding the action level of 5 parts per billion (ppb) for lead in drinking water in school buildings.

NEXT STEPS
None

ACTION LEVEL (AL)
The AL is 5 ppb for lead in drinking water in school buildings. The AL is the concentration of lead which, if exceeded, triggers required remediation.

LOCAL AND FEDERAL DRINKING WATER STANDARDS
Without being required to do so, BCPS has tested school drinking fountains for lead since 2016. There are no federal regulations for schools regarding drinking water. The federal Clean Drinking Water Act requires public water systems to test for lead. Nine of our schools have well systems, and those systems have tested for lead as required.

HEALTH EFFECTS OF LEAD
Lead can cause serious health problems if too much enters your body from drinking water or other sources. It can cause damage to the brain and kidneys and can interfere with the production of red blood cells that carry oxygen to all parts of your body. The greatest risk of lead exposure is to infants, young children, and pregnant women. Lead is stored in the bones, and it can be released later in life. During pregnancy, the fetus receives lead from the mother's bones, which may affect brain development. Scientists have linked the effects of lead on the brain with lowered IQ in children. Adults with kidney problems and high blood pressure can be affected by low levels of lead more than healthy adults.

SOURCES OF HUMAN EXPOSURE TO LEAD
There are many different sources of human exposure to lead. These include lead-based paint, lead-contaminated dust or soil, some plumbing materials, certain types of pottery, pewter, brass fixtures, food, and cosmetics, exposure in the workplace and exposure from certain hobbies, brass faucets, fittings, and valves. According to the Environmental Protection Agency (EPA), 10 to 20 percent of a person's potential exposure to lead may come from drinking water, while for an infant consuming formula mixed with lead-containing water this may increase to 40 to 60 percent.

HOW CONSUMERS CAN REDUCE EXPOSURE TO LEAD IN DRINKING WATER

1. Run your water to flush out lead: If water hasn't been used for several hours, run water for 15 to 30 seconds or until it becomes cold or reaches a steady temperature before using it for drinking or cooking.
2. Use cold water for cooking and preparing baby formula. If lead was present in the plumbing, it would dissolve more easily in hot water.

Please note that boiling the water will not reduce lead levels.

ADDITIONAL INFORMATION

1. For additional information, please contact Brendan Richardson, Supervisor, Environmental Services at 443.887.6310 or brichardson4@bcps.org.
2. For additional information about reducing lead exposure around your home/building and the health effects of lead, visit EPA's website at www.epa.gov/lead.
3. If you are concerned about exposure, contact your healthcare provider. If you do not have a healthcare provider, please contact the Baltimore County Department of Health at 410.887.3725.

Welcome New Additions To the Towson Family

Mr. and Mrs. Raley welcomed their beautiful daughter Sabrina Rose Raley into the world this May!

Olivia Justice Alexander
8 lbs, 4 oz, 22 inches long

Josh and his wife Meg are thrilled to welcome Leo Deal Marx, THS class of 2040, to the world! He is still deciding what he thinks of it here.

Thanks to Nava Richie Webb's arrival to son Calvin Webb (THS Class of 2006) and daughter-in-law, Sarah, Jackie Flynn is a ridiculously excited first-time grandmother!

the Class of 2022

Towson High School Graduation

Thursday
June 2, 2022

7:00 pm

SECU Arena

Order your Cap and Gown TODAY!

Price has increased to $45 February 1st

It's time to order your cap and gown for graduation. Click on this link to access the order platform for Josten's.

Link: https://www.jostens.com/apps/catalog/gradProducts.mvc?customerName=Towson+High+School&customerId=1066479

You only need the Cap, Gown, and Tassel bundle for $8.05. They will be delivered to the school and distributed at graduation practice in late April/early May.
Please see Ms. Greenberg in room 113 if you have any questions.

Graduation Information For Seniors

- Graduation is June 2, 2022 at 7:00 PM.
- Each graduate will receive 6 tickets.
- **Every individual guest entering the arena will need a ticket. This includes personal care attendants, infants, and children of all ages.**
- Doors will open for guests 1½ hours prior to the scheduled start of the graduation ceremony.
- For guest and graduate safety, SECU will be wanding with handheld metal detectors and conducting bag checks at the concourse entryways. Bags larger than 22" x 12" x 8" are not permitted.
- **Guest parking:** Please see the linked map for event parking. Guests park in Lots 4, 5, and 6 with accessible parking in Lot 8:

https://www.towson.edu/parking/events/documents/2021highschoolmap.pdf

Mandatory graduation rehearsal is on May 31st – please mark your calendars accordingly. **If you do not attend, you cannot walk in the graduation ceremony on June 2nd.**
